

EVERY PACKAGE BEING STERILIZED
SAVES LIFE

By **YORCO**
Scientific Udyog Pvt. Ltd.

HORIZONTAL CYLINDRICAL STERILIZER

About Us

STERI has been at the forefront of manufacturing Sterilization and Infection control products for over **60 years**. With wide business base, complete in-house design and manufacturing facility, we have developed a reputation for our quality and reliability. At Steri we provide excellent products and exceptional customer service to our clients.

Our experience with **over 50,000** installations and strive for excellence has resulted in **STERI** being a pioneer in the field. We not only cater to the hospital sector but have a diverse clientele including medical colleges, dental clinics, laboratories, veterinary hospitals, pharmaceutical companies, food & beverage industries and agricultural institutes.

Experience

Service

At **STERI** we ensure exceptional customer support by providing expert **pre - sale advise, technical consultation, site inspection and after sales support services** to satisfy customer. Our installation team provides in depth **one on one training and demos** during installation. Our **sales and technical team is highly skilled** to trouble shoot any rare technical issues online and in person nationwide. We highly value customer feedback which contributes to the continuous improvement of our products and support services.

Why Us ?

CERTIFICATIONS

Standards for health, safety, and environmental protection

GMP

Good Manufacturing Practice

ISO:9001

Quality Managements System

ISO 13485

Medical device quality management system

IEC 61010-2

Safety requirements for electrical equipment for measurement, control, and laboratory use

IEC 60601-1-2016

Technical standard for the safety and essential performance of medical electrical equipment

DESIGN FEATURES

Uniform Heat Distribution

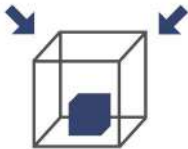

Rust Proof

Low Maintenance

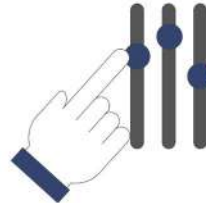

Affordable

Compact Design

Customizable

User Friendly

Water Saving

SERVICES

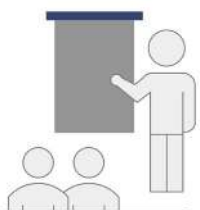

Pre - Sale Service

After - Sale Service

1 Year Warranty

Free Onsite Training

Fast Shipping

Free Installation

QUALITY

Hydraulically Tested at 2.5x Pressure

Multiple Quality Check

Product Features

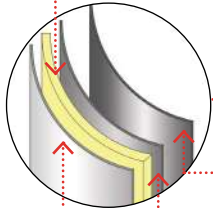

Single Point Control

All the sterilizer cycles are controlled from one point with the help of "Multi Port Valve"

Air Tight Sealing

Jointless steam resistant silicon gasket for effective sealing

High Density Mineral Wool Insulation

Triple Wall Shell Construction

- 1. SS Outer Cover
- 2. SS Jacket
- 3. SS Chamber

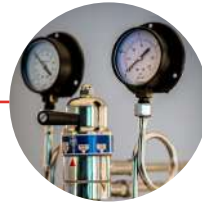

Temperature Monitoring

Sensor and gauge for precise temperature reading

Control System

Also available in PLC (Automatic Control System)

Easy Monitoring

Pressure and compound gauge for indication of pressure and vacuum of jacket and chamber respectively

Air Filter enables clean air to flow in the sterilizer for quick drying

Safety Valve for added safety

Vacuum Breaker Prevents the collapse of the jacket by allowing air to flow for removing the vacuum formed due to condensation of steam

Rust Resistant

Body, pipes and valves are made of premium high-grade stainless steel 304 for extra durability

Steam Generator Safety Valve

Steam Generator is unique in design with minimum joints & bolted parts reducing the chances of any leakage

Water Level Indicator

Steam Generator Cover is placed to protect the user from accidental burns

Water Inlet and Outlet

Automatic water feeding option also available

Sturdy Stand

Preset Sterilization Cycles

- Instrument Cycle
- Fabric Sterilization Cycle
- Liquid Sterilization Cycle
- Customer Variable Cycle
- Bowie Dick Test Cycle
- Leak Test Cycle

Other cycles as per user requirement can be added

Sizes Available

DIAMETER	X	DEPTH	VOLUME	LOAD
400mm	X	600mm	75 liters	6kw
400mm	X	1100mm	138 liters	9kw
500mm	X	900mm	176 liters	9kw
500mm	X	1200mm	235 liters	9kw
600mm	X	900mm	254 liters	9kw
750mm	X	1100mm	485 liters	18kw

Accessories Often Bought Together

Sterilization Tape

Sterilization Spore Indicator

Bowie Dick Test Kit

Air Compressor

Dressing Drum and Basket

RO / Water Softener System
